Foreword

This instructional manual was compiled for the benefit of all those involved in the maintenance and operation of Superior Industries products. When carefully read, and suggested operating and service procedures applied, the information contained within this instruction manual can save valuable time and eliminate broad assumptions.

A careful study by everyone working on the equipment should be made of this manual to familiarize yourself with the mechanical make-up and design features of the product before it is placed in operation.

It contains important instructions for safe, optimal and economical use of the equipment. Follow these instructions to avert possible hazards, cut repair costs and the number of failures, increase the equipment's reliability and prolong its service life

This manual should be completed with local safety and environmental protection regulations. In addition, the generally accepted technical rules governing safety in the workplace should be followed.

A copy of this user manual should always be available near the equipment.

The descriptions and specifications in this manual were accurate when it was approved for publishing.

Superior Industries reserves the right to discontinue it's models at any time and change the specification or drawings, without notice or any obligation.

Should you have any questions regarding the equipment or this publication, please contact Superior Industries.

Warranty

SUPERIOR INDUSTRIES, INC (d/b/a Superior Equipment and as Superior Components)

DESCRIPTION OF WARRANTY TERMS AND CONDITIONS - INFORMATION PURPOSED ONLY

a) New Product(s) Limited Warranty. Subject to the terms, conditions and limitations contained herein, Seller makes the single applicable warranty of paragraphs (i) through (v) below only to the original Buyer of Seller's new product(s). Each specified warranty period begins on the applicable date (the "Warranty Start Date") determined as follows: (1) for Seller-manufactured conveyor components, the date of shipment; (2) for Seller-manufactured capital equipment, the earliest applicable of the following dates, if any: (a) one year from date of shipment if not commissioned, (b) the date of shipment if commissioned and unregistered, or (c) the date of registration if commissioned and registered; or (3) for all other cases, the date of sale. The specified warranty periods are sometimes referred to as "original warranty periods." The terms "shipment" and "sale" as used herein refer to the dates of shipment and sale from by the Seller and not from any distributor of the Seller. The warranties specified below do not apply to any part, portion or component of any product which is manufactured by a third party ("Third- Party Component").

i) Conveying equipment and conveying components (e.g., conveyors and Superior-manufactured conveyor components such as idlers and pulleys) (a) will not fail to operate in accordance with the product(s)' respective specifications due to defects in material or workmanship during the period ending two (2) years from the Warranty Start Date or at 6,000 hours of operation, whichever occurs first, normal wear and tear excluded, and (b) will not incur a failure of the product(s)' respective structural members (e.g., truss) due to defects in material or workmanship during the period ending five (5) years from the Warranty Start Date, normal wear and tear excluded.

ii) Crushing equipment (e.g., cones, jaws and impactors) will not fail to operate in accordance with the product(s)' respective specifications due to defects in material or workmanship during the period ending two (2) years from the Warranty Start Date or 6,000 hours of operation, whichever occurs first, normal wear and tear excluded.

iii) Vibratory equipment (e.g., screens and feeders) will not fail to operate in accordance with the product(s)' respective specifications due to defects in material or workmanship during the period ending two (2) years from the Warranty Start Date or 6,000 hours of operation, whichever occurs first, normal wear and tear excluded.

iv) Washing equipment (e.g., washers and classifiers) will not fail to operate in accordance with the product(s)' respective specifications due to defects in material or workmanship during the period ending two (2) years from the Warranty Start Date or 6,000 hours of operation, whichever occurs first, normal wear and tear excluded.

v) Other Superior Products. Any Superior-manufactured new product to which no single category of subparagraphs (i) through (iv) above clearly applies will not fail to operate in accordance with the product's respective specifications due to defects in material or workmanship during the period ending two (2) years from the warranty start date defined in this paragraph, normal wear and tear excluded.

b) Aftermarket Part(s) Limited Warranty; Exclusion of Third-Party Components. Subject to the terms, conditions and limitations contained herein, Seller warrants only to the original Buyer that Seller's manufactured aftermarket parts (e.g., mainframe, axle, undercarriage) (the "Aftermarket Parts") will not fail to operate in accordance with the Aftermarket Parts' specifications due to defects in material or workmanship during the period length of one (1) year, normal wear and tear excluded. Warranty period starts from date of shipment. The foregoing limited warranty does not apply to any part, portion or component of any Third-Party Component.

c) Coverage Exclusions. The warranties provided in subsections (a) and (b) above shall not apply to any of the following:

i) consumable parts (including but not limited to manganese or other wear parts, screen mesh, v-belts, bearings, oil, liners, etc.);

ii) failure or damage due to improper installation or commissioning;

iii) failure or damage of equipment or equipment support structure (e.g., chassis) due to improper selection or improper support of equipment (e.g., improper cribbing, chassis, etc.);

iv) labor, travel, or freight costs associated with repairs and/or parts installation, unless such costs (1) are associated with a repair or parts installation approved in writing by the Seller, (2) are carried out by or coordinated with a dealer of Seller as may be required by the Seller, and (3) do not exceed a total amount authorized in writing by the Seller;

v) any loss or damages resulting from plant or equipment down time or loss of equipment or plant use, or equipment or plant productivity (all of which include but are not limited to loss or damages resulting from down time or loss of use of the products or components subject to this warranty and any equipment used with such products or components); and

vi) for avoidance of doubt, any of the items excluded in subsection 4(e) below.

d) DISCLAIMER OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED OR STATUTORY. THE LIMITED WARRANTY SET FORTH IN THE FOREGOING PARAGRAPH IS THE SOLE AND EXCLUSIVE WARRANTY WITH RESPECT TO THE PRODUCTS. SELLER MAKES NO OTHER EXPRESS WARRANTY OF ANY KIND OR NATURE AS TO THE PRODUCTS OR THEIR PERFORMANCE EXCEPT FOR THOSE LIMITED WARRANTIES EXPRESSLY SET FORTH IN THE FOREGOING PARAGRAPH AND SPECIFICALLY DISCLAIMS ANY AND ALL REPRESENTATIONS OR WARRANTIES OF ANY KIND OR NATURE CONCERNING THE PRODUCTS, INCLUDING, BUT NOT LIMITED TO, ANY REPRESENTATION OR WARRANTY THAT THE PRODUCTS COMPLY WITH ANY LAW, RULE OR REGULATION. SELLER MAKES NO WARRANTIES WITH RESPECT TO ANY THIRD PARTY COMPONENT AND SELLER SPECIFICALLY SELLS SUCH THIRD- PARTY COMPONENTS "AS IS" WITHOUT ANY WARRANTY. FURTHER, SELLER MAKES NO IMPLIED WARRANTY OF ANY KIND OR NATURE WITH RESPECT TO ITS PRODUCTS OR ANY THIRD-PARTY COMPONENT AND SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR COMPLIANCE WITH ANY FEDERAL, STATE OR LOCAL LAW, RULE OR REGULATION. IN ADDITION, SELLER EXPRESSLY DISCLAIMS TO THE FULLEST EXTENT ALLOWED BY LAW, RULE OR REGULATION ANY WARRANTY PROVIDED UNDER ANY FEDERAL, STATE OR LOCAL LAW, RULE OR REGULATION.

e) Terms and Conditions of Warranty; Voiding of Warranty; Notice Requirements. The limited warranties set forth above shall be null and void if (a) any alterations or modifications are made to a product, (b) a product is not maintained in strict compliance with the maintenance requirements set forth in the maintenance manual for such product or otherwise provided to Buyer of such product, (c) any repairs are made to a product which are not authorized by Seller in writing, (d) any failure of a product to comply with the above limited warranty is not reported to Seller in writing within thirty (30) days of the date such failure first occurs, (e) a product is operated after the failure of any warranty first occurs, (f) a product is used for any purpose other than for the purpose for which it was manufactured, (g) a product is not operated, maintained, and/or repaired in strict compliance with the terms and conditions set forth in any operating manual for the product (including but not limited to exceeding the load bearing capacity of the product), (h) a product is abused or damaged, (i) Buyer fails to deliver the product to Seller for inspection and testing if requested by Seller or Buyer disposes of the product or any part or component on or before the sixtieth (60th) day after sending a written claim under the warranty to Seller, (j) such failure of the limited warranty results from a failure of any Third-Party Component, (k) Buyer replaces any part or component of the product with a non-authorized part or component other than genuine parts or components sold, distributed or authorized by Seller.

f) Course of Dealing; Course of Performance; Usage of Trade. No course of dealing or course of performance of Seller with respect to the products sold under this Contract or with respect to any of its products to whomsoever sold and no usage of trade shall be considered in interpreting this Contract or any part thereof and none of the foregoing shall be considered a waiver or modification of any such terms, conditions, disclaimers or limitation of the limited warranties or disclaimers contained in this Contract. No statement, whether written or oral, made by any employee, salesperson, distributor, agent or contractor of Seller which is not set forth in this Contract shall be considered a representation or warranty with respect to any product, its specifications or its performance and all such statements are hereby disclaimed.

g) Exclusive Remedies for Breach of Warranty. The sole and exclusive remedy for any failure of any product to comply with the limited warranty set forth above or any other warranty imposed upon Seller by law, if any, shall, at the election of Seller, in its sole discretion, be either (a) the repair or replacement of the product or component which failed to comply with such warranty or (b) the refund of the purchase price of the product. Except as provided below, any repair or replacement shall carry the same warranty as the original product but only for the remainder of the original warranty period. Buyer's exclusive remedy with respect to any claim arising out of or as a result of Third-Party Component shall be against the third-party manufacturer.

h) Warranty Claims; Notice Requirement; Limited Time to Bring Claims. Any and all claims under the above-limited warranty shall be made to Seller only in writing and not later than thirty (30) days after the date the product first fails to comply with the above-limited warranty but in no event later than the expiration of the original warranty period with respect to which the claim is being made. Any claim under the above-limited warranty made after such period for making a claim shall be null and void. After receiving written notice of the warranty claim, Seller shall determine whether to (a) repair or replace the product or part or (b) refund the purchase price of the product. Seller may require Buyer to return any product or component part thereof which Buyer claims to be defective to Seller at Buyer's cost for inspection as a condition to any claim under the above-limited warranty. No product or part may be returned to Seller without Seller's prior written authorization. If a product which is returned is determined by Seller in its sole discretion not to have failed to comply with the limited warranty, Buyer shall pay costs of removal, repair and/or replacement for such product. If a product which is returned is determined by Seller in its sole discretion to have failed to comply with the limited warranty, Seller shall pay for all repair and/or replacement costs for such product (or refund the purchase price if so elected by Seller) and Seller shall reimburse Buyer for the reasonable costs of shipping the product or component to Seller.

i) Limitation on Liability for Breach of Warranty and Other Claims. If the warranty and the remedy for any failure of any product to comply with any warranty are deemed for any reason to fail their intended purpose, Seller's liability for any failure of any product to comply with any such warranty, together with any and all other liability, if any, arising out of or in connection with such product, including, but not limited to, all claims, whether in contract, tort, or otherwise, arising out of, connected with, or resulting from the manufacture, sale, delivery, resale, repair, replacement, or use of the product, shall not exceed the purchase price for such product. In no event shall Seller be responsible or liable to Buyer or any third party under any circumstances for any indirect, consequential, special, punitive or exemplary, damages or losses, including, but not limited to, damages for loss of profits, goodwill, use of the product or any other equipment or other intangible losses which may be incurred in connection with the

product regardless of the type of claim or the nature of the cause of action, even if Seller has been advised of the possibility of such damage or loss. Any and all claims that Buyer has against Seller, whether or not Buyer is aware of such claims, must be brought by Buyer within thirty (30) days after the date that such claim first arose, but in any event within the applicable warranty period set forth above. Any claim not brought by Buyer within the applicable thirty (30) day period shall be deemed null and void.

THESE WARRANTY TERMS ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY. THE APPLICABLE WARRANTY COMMONLY EXTENDED TO CUSTOMERS OF SUPERIOR INDUSTRIES IS SUBJECT TO THE TERMS AND CONDITIONS AVAILABLE AT [SUPERIOR-IND.COM/TERMS](https://www.superior-ind.com/terms)

Proposition 65 Warning

WARNING

Breathing diesel engine exhaust exposes you to chemicals known to the state of California to cause cancer and birth defects or other reproductive harm.

- Always start and operate the engine in a well-ventilated area.
- If in an enclosed area, vent the exhaust to the outside.
- Do not modify or tamper with the exhaust system.
- Do not idle the engine except as necessary.
